

Platinum Collection

Oil Slick Lips

Age-Defying Lip Treatment

Key Selling Point

Make your lips pout like never before with this plumping and nourishing treatment.

About

Oil Slick Lips hydrates, nourishes and conditions the lips while smoothing out signs of aging that are all too obvious on the lips. The key ingredients include Farm to Jar essential oils that keep the lips so slick! Avocado, Safflower Seed Oil and Aloe Vera keep lips soothed and conditioned while vitamin E protects lips from environmental damage that dehydrates the skin. The power-packed Palmitoyl Tripeptide-1 makes lips appear firmer, smoother and better defined in as little as 29 days.

Results: Clinical studies on the peptide Palmitoyl Tripeptide-1 show that within 29 days, Oil Slick Lips:

- Increases the appearance of lip volume by 40%
- Increases hydration by 60%
- Reduces the appearance of wrinkles by 29%

Independent studies show that within 29 days:

- 100% participants felt an improvement in the condition of their lips
- 70% participants said lips were comforted
- 70% participants felt lips were protected
- 70% said lips felt softer

Cross Sells

Soothe n' Smooth — Exfoliate away dead skin cells and condition the lips for pristine Oil Slick Lips application.

Lip Difference — Apply this soothing lip treatment after Oil Slick Lips to keep lips softened and lock lip color in place.

Face Paint Lip and Cheek Tints — Keep lips and cheeks hydrated and softened with this all-in-one lip and cheek crème.

Words to Say

Get slick and sleek lips with Oil Slick Lips! This luxurious age-defying lip treatment uses a blend of essential oils, aloe vera and Farm to Jar ingredients such as avocado to keep lips hydrated, softened, conditioned and prevent environmental damage that can dry out the lips throughout the day. The anti-aging peptide has been proven to reduce the appearance of lip wrinkles and increased lip volume and hydration within just 29 days!

Application

Apply directly on the lip with the cooling massage applicator three times a day for best use. Use lip color after you apply.
